# Transportable goal 7x2m - Londen

Artikelcode: S-1195

## General Information

Ara of application	<p>The London is a sustainable transportable goal of 7x2m which is suitable for placement on a practice field. The London is provided with sturdy shores and an oval 100x120mm extrusion profile to lengthen the sustainability of the goal. The goal has a hookless net fixation through a synthetic net strip. This net fixation is very safe because it contains no protruding parts. Next to safety, you will also not be bothered by vulnerable brackets and optic it looks very nice.</p> <p>The London is very suitable for intensive practice use.</p> <p>Warranty on the construction excluding the net and synthetic net strip.</p>
